His Highness the Maharaja of Mysore,

Through

S. Hiriannaiya Esquire, M.A.,B.L.,

Deputy Commissioner, Shimoga District.

Sir,

I beg to submit for the favourable orders of Government the following representation relating to my rank in the Civil List of acting Assistant Commissioners.

2. From 14th March 1914 (when I was Amildar on Rs. 175/-) to 1st July 1920, I was on special duty of 2 kinds viz.:-

(1) For the compilation of the Village and Taluk Manuals from 14th March 1914 to 10th July 1916

(2) In connection with the "Development Scheme" under the "Krishnaraja Sagara" from 11th July 1916 to 4th July 20.

During the period of the said 2 special duties I was drawing a local allowance of Rs. 50/- and Rs. 100/- respectively, in addition to my grade pay earned from time to time in the permanent line. During the period of the 2nd special duty the designation of my office was "Special Revenue Officer" "Krishnaraja Sagara".

3. I submitted the marginally noted representations stating that some of my juniors in the grade of Amildars had been given the grade of Assistant Commissioners, that if the special duties should continue I should be similarly treated as

as I was fully qualified and put in recognised service and that I, should be placed in the list of Assistant Commissioners above the junior Amildars who had been appointed as Sub Protem Assistant Commissioners at the time. The Revenue Commissioner and the Chief Engineer were both pleased to recommend my claims for promotion to the grade of Assistant Commissioner. The Government in their Order No. 706-98 C.B.112-19-3 dated 13th December 1919 were graciously pleased to recognise my claims for promotion and rank, appointed me as acting Assistant Commissioner and directed that I should be placed in the list of Assistant Commissioners above Mr.C.Suryanarayana Sastry, the next junior to me in the grade of Amildars. They further directed that the local allowance of Rs 100/- may be drawn during the period I continued to be on special duty.

4. I beg to submit that though my humble claims for promotion and rank were granted in full, the relative rank in the list of acting Assistant Commissioners was not caused so as to secure for me the full benefits of the gracious order of Government. My rank in the list of acting Assistant Commissioners would properly be not just above my next junior in the grade of Amildars who was an acting Assistant Commissioner at the time but above all the junior Amildars who were borne in the list of acting Assistant Commissioners. My rank in the list of acting Assistant Commissioners in the Civil List corrected up to 1st July 1920 (the latest that has been received) is shown as 15. The incumbents from No.8 to 14 in the list are my juniors. My qualifications are equal in all respects with No.11 downwards in the list. My work in both the special duties I had been employed upon, has been well recognised as may be gathered from the extracts enclosed. I pray that the Government may be pleased to bestow on me my proper rank in the list of Sub Protem Assistant Commissioners so that my confirmation in the fulness

of

of time may not be materially affected and that my rank may at least be fixed just below Mr. C. Lakshmana Rao No.9 in the list.

I beg to remain,

Sir,

Your most obedient servant,

Shimoga

Forwarded with Compliments to the Chief Secretary to the Government.

From what I have seen of Mr Narayana Rao's work I am in a position to say that he is an Experienced, zealous and tactful officer and may be expected to give Satisfaction in any work to which officers of his rank and Status are usually posted. His request that he should not be made to lose places owing to his being placed on Special work by Government seems reasonable and deserves sympathetic Consideration.

Extract from the final report sent to the Revenue Commissioner in Mysore, by Mr. K. Srinivasa Rao, Retired Deputy Commissioner, on the preparation of the Village & Taluk Manuals.

Difficulties. From what has been said above it will be clear that the task was an exceedingly laborious one but its magnitude was not sufficiently realised at the beginning and the original estimate of time required was found totally inadequate. Extension of time had to be applied for and I am obliged to Government for the readiness with which they were granted. The work of compilation and manualisation is always difficult, and particularly so, where it has got to be done ab initio. The material in this case was very scattered and much time and labour had to be spent in collecting and sifting it, while the supplying of information on which no orders existed, called for discrimination and extensive study.

Mr. Hayagriva Rao. That these various and difficult demands imposed by the nature of the work habe been so satisfactorily met is largely due to Mr.M.S. Hayagriva Rao whose name I wish to bring to the notice of Government.

Need for a special offices to introduce the system. Though the system laid down in the Manual is based on existing orders and usage, still there are many old rules which require to be enforced and many unfamiliar details with which the Taluk Officials should be made conversant. I consider it a matter of prime importance that an Officer who understands the principles should be deputed for a time to go round the Taluk Offices, and help in the systematisation of their work according to the provisions of the

the Manual. Without some such precautions, I am afraid all the trouble taken in the preparation of the Manual will, in some measure, be infructuous and like so many useful but neglected orders which encumber the volumes of Government Proceedings, this Manual may join the dismal array of the obsolete. But if initial care is taken to see that the sustem is properly understood and applied, the knowledge of the rules will soon spread of itself till it ripens into a tradition.

Mr. Hayagriva Rao.

For the work proposed here, I can think of no one more qualified by study, aptitude and experience than Mr. Hayagriva Rao. His Knowledge of the rules and their rationable is thorough and he has taken peculiar interest in the study of Government Orders of which he has prepared a very useful index He has experience both of executive and office work and possesses the additional advantage of having seen the system of work in the offices of the Madras and Bombay Presidencies. And more than all he is largely responsible for the preparation of the Manuals. I can confidently recommend him for the work.
